

Avoiding Double Dues When New Members Join APWU

No one wants to have double dues taken out when they transfer crafts and join the APWU; and we do not want a new member to be upset about this. Avoiding double dues can be done by following these few simple steps:

- All 1187 forms sent to APWU for processing should be marked if the member needs to have another union dues stopped in order to avoid double dues.
- Please write, "**Cancel NALC first**" or "**Cancel NPMHU first**" in large print on the white margin of the form, and make sure the Local is clearly identified. A letter is always appreciated.
- If **NRLCA dues** need to be stopped, please hold the form at the local level and contact my office to obtain complete instructions on how to proceed.
